Target Role: Easy apply - Process Expert - Advance MS Excel | **Company:** Smartrecru

Subject: Application for Easy apply - Process Expert - Advance MS Excel - KARTIK BHATT

Dear Hiring Team,

Dear Hiring Team at Smartrecru, I am writing to apply for the Process Expert - Advanced MS Excel position. With over three years of hands-on experience delivering data-driven automation and process optimization solutions, I am excited about the opportunity to bring my expertise in Excel-centric workflows to your dynamic team.

At KPMG, I designed and maintained VBA macro solutions that refreshed a global repository of more than 30,000 assets, saving 485 hours annually. I also built a Power Platform suite that enabled 20,000 outreach activities across 13 sectors, delivering a total time-saving of over 2,000 hours per year. These initiatives combined advanced Excel modeling, automated data migration, and stakeholder-centric reporting, directly aligning with the efficiency goals of a Process Expert.

My skill set extends to Power Automate, Power Apps, SharePoint Online, Power BI, SQL, and Microsoft Copilot (Agents & Studio), all of which I have leveraged to streamline data pipelines and enhance analytics. Complementary certifications-including Microsoft Azure AI Fundamentals, AI Transformation Leader, and Lean Six Sigma Yellow Belt-demonstrate my commitment to continuous improvement and data-centric problem solving, which are essential for advanced Excel process design.

I am confident that my proven track record of delivering measurable productivity gains and my passion for building robust Excel-based solutions will add immediate value to Smartrecru. I welcome the chance to discuss how I can contribute to your team and am available for an interview at your convenience. Thank you for your consideration.

Warm regards,

KARTIK BHATT
