Target Role: Lead Consultant, Microsoft Power Automate - Myworkdayjobs.com | **Company:** Genpact

Subject: Application for Lead Consultant, Microsoft Power Automate - Myworkdayjobs.com - KARTIK BHATT

Dear Hiring Team,

Dear Hiring Team at Genpact, I am writing to express my interest in the Lead Consultant, Microsoft Power Automate position advertised on MyWorkDayJobs. With over three years of hands-on experience designing and delivering end-to-end automation solutions, I am eager to bring my expertise in Power Platform and AI-enabled workflows to drive measurable impact for Genpact's clients.

In my current role as Analyst at KPMG, I built a comprehensive Power Platform solution that enabled 20,000 annual outreach activities across 13 sectors, delivering Power Automate flows, SharePoint lists, Power Apps, and Power BI dashboards that saved more than 1,200 hours each year. I also migrated legacy Excel-based data collection for 45+ pillars to an automated SharePoint Online integration, creating three Power Automate flows that reduced manual effort by 2,000 hours annually. Additional VBA-macro tools I delivered refreshed a global repository of 30,000 assets, cutting 485 hours of work per year, and a multi-modal Copilot agent streamlined metadata tagging, saving another 325 hours.

My skill set aligns directly with Genpact's requirements: advanced proficiency in Power Automate, Power Apps, Power BI, SharePoint Online, and Copilot Studio, complemented by strong SQL and Excel capabilities. I hold multiple Microsoft certifications (Azure AI Fundamentals, AI Business Professional, AI Transformation Leader) and a Lean Six Sigma Yellow Belt, underscoring my commitment to both technical excellence and process-driven efficiency. At GlobalLogic, I led QA initiatives that improved data accuracy by 25% and boosted project quality from 74% to 95%, demonstrating my ability to translate technical solutions into business value.

I am excited about the opportunity to lead Power Automate initiatives at Genpact, leveraging my proven track record of delivering high-impact automation at scale. I welcome the chance to discuss how my experience can contribute to your team's success and am available for an interview at your earliest convenience. Thank you for your consideration.

Warm regards,

KARTIK BHATT
