Target Role: Co-Pilot & Microsoft 365 Specialist - Myworkdayjobs.com | **Company:** Gsknch

Subject: Application for Co-Pilot & Microsoft 365 Specialist - Myworkdayjobs.com - KARTIK BHATT

Dear Hiring Team,

I am excited to apply for the Co-Pilot & Microsoft 365 Specialist position advertised on Myworkdayjobs.com for Gsknch. With over three years of hands-on experience designing and delivering end-to-end Power Platform and Copilot solutions within large enterprises, I am confident I can accelerate your M365 workflow automation and drive measurable business value.

At KPMG, I led the creation of a Power Platform ecosystem that enabled 20,000 annual outreach activities across 13 sectors, delivering Power Automate flows, SharePoint lists, Power Apps, and Power BI dashboards that saved more than 1,200 hours each year. I also migrated legacy Excel-based data collection for 45 pillars to an automated SharePoint Online integration, built VBA-macro pipelines for 30,000 global assets (saving 485 hours), and developed a multi-modal Copilot agent that reduced manual data-tagging effort by 325 hours. In total, my initiatives delivered over 2,000 hours of efficiency annually and earned multiple KPMG "KUDOS" and "Super Team" awards.

My skill set aligns directly with the role's requirements: advanced proficiency in Power Automate, Power Apps, Power BI, SharePoint Online, and Microsoft Copilot (Agents & Studio), complemented by strong SQL and Excel automation expertise. I hold Microsoft certifications in Azure AI Fundamentals, AI Business Professional, and AI Transformation Leader, as well as a Lean Six Sigma Yellow Belt, which underpin my data-driven, process-optimization mindset. At GlobalLogic, I instituted QA frameworks that cut errors by 25 % and lifted project quality from 74 % to 95 %, demonstrating my ability to translate technical solutions into reliable, user-centric outcomes.

I look forward to bringing this blend of technical depth and business-focused delivery to Gsknch's Bengaluru campus. Thank you for considering my application; I am available for an interview at your convenience and can be reached at kb270102@gmail.com or +91-7428062532.

Warm regards,
