Subject: Application for Power Bi Remote jobs in Chennai, Tamil Nadu - KARTIK BHATT

Dear Hiring Team,

I am writing to apply for the Power BI Remote role based in Chennai with Indeed. My experience building enterprise-scale Power BI dashboards and automating data workflows at KPMG directly aligns with the need for rapid, insight-driven reporting.

At KPMG I delivered a Power Platform solution that supported 20,000 annual outreach activities across 13 sectors and saved 1,200 hours each year; additionally, my VBA-macro and Power Automate tools refreshed a 30,000-asset repository, delivering over 485 hours of efficiency gains. These measurable outcomes demonstrate my ability to turn raw data into high-impact visualizations.

My technical toolkit includes Power BI, Power Apps, Power Automate, SharePoint Online, and SQL-all explicitly called for in the job description. I have also applied Copilot GenAI agents to automate data cleaning, showcasing my adaptability to emerging AI-enhanced analytics tools.

I am eager to bring this blend of analytics expertise and stakeholder-focused delivery to Indeed's Power BI team and am available to start immediately.

Warm regards,

KARTIK BHATT
