Target Role: Specialist Power BI - Myworkdayjobs.com | **Company:** Magna

Subject: Application for Specialist Power BI - Myworkdayjobs.com - KARTIK BHATT

Dear Hiring Team,

I am excited to apply for the Specialist Power BI role at Magna. My experience delivering enterprise-scale Power BI dashboards that saved 1,200 hours annually directly aligns with Magna's need for high-impact visual analytics.

At KPMG I built a Power Platform solution that generated Power BI dashboards for 20,000 annual outreach activities across 13 sectors, delivering a 1,200-hour annual time-saving. Additionally, I automated legacy data migrations and created Copilot-driven agents that together saved over 2,000 hours each year, demonstrating my ability to drive efficiency at scale.

My technical toolkit includes Power BI, Power Automate, Power Apps, SQL, SharePoint Online, and advanced Excel automation-all core components of Magna's Power BI ecosystem. I have also applied Lean Six Sigma principles to streamline processes, ensuring data quality and stakeholder alignment.

I look forward to bringing my proven analytics and automation expertise to Magna's team and am available to discuss how I can contribute immediately.

Warm regards,

KARTIK BHATT
