Target Role: BEST POWER BI TRAINING INSTITUTE IN GURGAON | **Company:** Cromacampus

Subject: Application for BEST POWER BI TRAINING INSTITUTE IN GURGAON - KARTIK BHATT

Dear Hiring Team,

I am excited to apply for the Power BI Trainer position at Cromacampus, where my hands-on experience building Power BI dashboards that automated 20,000 yearly outreach activities aligns directly with your focus on practical, industry-relevant training.

At KPMG I delivered a Power Platform solution that incorporated Power BI visualizations, saving 1,200 hrs annually, and was recognized with a 'KUDOS' award for Lean Six Sigma improvements that generated over 2,000 hrs of efficiency-demonstrating both technical mastery and a results-driven mindset that I can bring to your classroom.

My core toolkit includes Power BI, Power Automate, Power Apps, SharePoint Online, and SQL, complemented by certifications such as Microsoft Certified: AI Business Professional and Lean Six Sigma Yellow Belt, enabling me to teach data modeling, dashboard creation, and end-to-end analytics workflows with confidence.

I look forward to contributing to Cromacampus's reputation for high-impact Power BI training and am available to start immediately; thank you for considering my application.

Warm regards,

KARTIK BHATT
