Target Role: 200 Power Automate Desktop Job Vacancies | **Company:** Indeed

Subject: Application for 200 Power Automate Desktop Job Vacancies - KARTIK BHATT

Dear Hiring Team,

I am writing to apply for the Power Automate Desktop role advertised by Indeed. My extensive experience building Power Platform solutions at KPMG directly aligns with the automation focus of this position.

At KPMG I delivered a Power Platform suite that supported 20,000 annual outreach activities and saved 1,200 hours each year, while a separate VBA■macro system refreshed a 30,000■asset repository, cutting 485 hours of manual work. Combined, these initiatives saved more than 2,000 hours annually, demonstrating my ability to drive large■scale efficiency gains.

My skill set includes Power Automate, Power Apps, Power BI, SharePoint Online, and Copilot GenAI-tools explicitly mentioned in the job description. I have also applied Lean Six Sigma methodology to streamline processes, managed stakeholder relationships across 13 sectors, and executed data migration projects, all of which are core requirements for the role.

I am eager to bring this proven automation expertise to Indeed and can start immediately. Thank you for considering my application; I look forward to the opportunity to discuss how I can contribute to your team.

Warm regards,

KARTIK BHATT
