Target Role: Associate -Gurgaon- Technology consulting | **Company:** Pwc

Subject: Application for Associate -Gurgaon- Technology consulting - KARTIK BHATT

Dear Hiring Team,

I am writing to express my interest in the Associate - Technology Consulting position at PwC in Gurgaon. My recent role as an Analyst at KPMG, where I led cross-functional automation projects across 13 sectors, aligns directly with PwC's focus on delivering technology-enabled consulting solutions.

At KPMG I built a Power Platform solution that supported 20,000 annual outreach activities and saved 1,200 hrs, and I further delivered VBA-based automation that reclaimed over 485 hrs each year. These initiatives earned the 'KUDOS' award for saving more than 2,000 hrs annually, demonstrating my ability to generate measurable efficiency gains for clients.

My technical toolkit includes Power Automate, Power Apps, Power BI, SharePoint Online, SQL and Copilot GenAI agents-all explicitly mentioned in PwC's technology consulting stack. Additionally, my Lean Six Sigma Yellow Belt certification and experience applying process-improvement methodologies equip me to drive structured, data-centric solutions for PwC's clients.

I am eager to bring my automation expertise and stakeholder-management experience to PwC's consulting team and am available to discuss how I can contribute to your projects at your earliest convenience.

Warm regards,

KARTIK BHATT
