Subject: Application for Power BI Specialist - Myworkdayjobs.com - KARTIK BHATT

Dear Hiring Team,

I am writing to express my interest in the Power BI Dashboard Specialist position at Myworkdayjobs.com. With 3.2 years of experience building enterprise automation and visualization solutions across the Power Platform, I bring direct expertise in designing Power BI dashboards and SharePoint workflows that drive data-informed business operations.

During my tenure as an Analyst at KPMG, I architected an enterprise Power Platform solution incorporating Power BI dashboards, Power Automate flows, Power Apps, and SharePoint lists that managed 20,000 annual reach outs across 30 member firms in 13 sectors, saving 1,200 hours annually. Additionally, I applied Lean Six Sigma principles to overhaul legacy reporting practices, resulting in a total savings of over 2,000 hours per year and earning a 'KUDOS' award.

My technical core aligns directly with your requirement for actionable reporting tools, centered around Power BI, Power Automate, SharePoint Online, Power Apps, MS Excel, and SQL. At GlobalLogic Technologies, I established rigorous quality control processes that reduced data errors by 25% and improved deliverable quality scores from 74% to 95%, ensuring that executive dashboards are built on verified, accurately structured data.

I am eager to leverage my hands-on Power BI expertise and automated reporting background to deliver clear, high-impact business intelligence dashboards for your team. Thank you for your time and consideration, and I look forward to discussing my background further.

Warm regards,

KARTIK BHATT
