Target Role: Power BI jobs in Bangalore | **Company:** Instahyre

Subject: Application for Power BI jobs in Bangalore - KARTIK BHATT

Dear Hiring Team,

I am writing to express my interest in the Power BI role based in Bangalore advertised on Instahyre. My experience building enterprise-scale Power BI dashboards at KPMG, which delivered a 1,200-hour annual efficiency gain, aligns directly with the data visualization focus of this position.

At KPMG I delivered a Power Platform solution that integrated Power BI, Power Apps, and Power Automate to support 20,000 yearly outreach activities, saving 1,200 hrs. I also drove a separate initiative that saved over 2,000 hrs. annually through automation and VBA-based data refreshes, demonstrating my ability to generate measurable business impact.

My technical toolkit includes Power BI, Power Apps, Power Automate, SharePoint Online, SQL, and advanced Excel, complemented by hands-on experience with Copilot GenAI agents and Copilot Studio for intelligent automation-exactly the stack highlighted in the job posting.

I am eager to bring my proven track record of data-driven solution delivery to your team in Bangalore and am available to start immediately. Thank you for considering my application.

Warm regards,

KARTIK BHATT
