Target Role: Power Automate Training in Gurgaon | **Company:** Learnsoft

Subject: Application for Power Automate Training in Gurgaon - KARTIK BHATT

Dear Hiring Team,

I am writing to apply for the Power Automate Trainer position at Learnsoft in Gurgaon, where my extensive hands-on experience building Power Automate, Power Apps and Power BI solutions directly aligns with the course curriculum.

At KPMG I built a Power Platform solution that automated outreach to 20,000 contacts across 13 sectors, saving 1,200 hours annually, and I further saved over 2,000 hours by integrating Power Automate, Copilot Studio and VBA macros-efficiencies that were recognized with a KUDOS award for Lean Six Sigma application.

My technical toolkit includes Power Automate, Power Apps, Power BI, SharePoint Online, and Copilot GenAI, all of which are core components of Learnsoft's training modules, and I have repeatedly translated these tools into real-world projects and stakeholder-focused implementations.

I am eager to bring my proven automation expertise and project leadership experience to Learnsoft's training program and am available to start immediately.

Warm regards,

KARTIK BHATT
