

SUMMARY

Kartik Bhatt is a Microsoft Power Platform specialist with over 3 years of experience delivering end-to-end automation solutions. At KPMG he designed and deployed Power Automate flows, Power Apps and Power BI dashboards that saved more than 2,000 hours annually, and he routinely managed cross-functional projects across 13 sectors.

EDUCATION

Maharaja Surajmal Institute | Bachelor of Computer Applications | Majors: Computer Science, GPA: 9.3/10 (Top 1%) Jul’19 – Aug’22

WORK EXPERIENCE

3.2 Years Experience

KPMG | Analyst | Gurugram

May’24 – Present

- Built a complete Power Platform solution-including Power Automate flows, Power Apps, and Power BI dashboards-that enabled 20,000 annual outreach to 30+ member firms across 13 sectors, saving 1,200 hrs per year.
- Developed an end-to-end migration from Excel-based data collection for 45+ pillars to automated SharePoint list integration, incorporating three Power Automate flows for alerts, change management, data migration and permission governance.
- Created a multi-modal Copilot agent to clean messy data, draft fields and apply metadata tags, delivering an additional 325 hrs of automation annually.
- Saved more than 2,000 hrs annually by leveraging Power Platform, Copilot Studio and VBA macros for business development processes, earning a KUDOS award for Lean Six Sigma-driven efficiency.
- Handled over 50 SharePoint governance and administration requests, managing term store, metadata and permission levels to support enterprise collaboration.

GlobalLogic Technologies Private Limited | Associate Analyst | Gurugram

Sep’22 – Oct’23

- Led three pilot AI/data projects for a Google client, securing all initiatives while competing with major MNCs.
- Managed process documentation for more than 10 projects, ensuring compliance and stakeholder accessibility.
- Performed quality assurance on over 500 data pieces weekly, maintaining high standards for AI training datasets.

SKILLS

Power Automate	Power Apps	Power BI	SharePoint Online
Copilot GenAI (Agents)	Copilot Studio	MS Excel	SQL
