Target Role: Shift Lead (Power BI Tenant Migration) - Myworkdayjobs.com | **Company:** Kyndryl

Subject: Application for Shift Lead (Power BI Tenant Migration) - Myworkdayjobs.com - KARTIK BHATT

Dear Hiring Team,

I am writing to express my interest in the Shift Lead (Power BI Tenant Migration) role at Kyndryl. My experience delivering enterprise-scale Power Platform and SharePoint governance solutions directly aligns with the migration and leadership responsibilities of this position.

At KPMG I built a Power Platform migration pipeline that moved data from legacy Excel sheets for over 45 pillars into automated SharePoint lists, saving more than 2,000 hrs annually, and I managed over 50 SharePoint governance requests to maintain data integrity. Additionally, I delivered Power BI dashboards that supported 20,000 annual outreach activities, demonstrating my ability to handle large-scale tenant migrations with measurable efficiency gains.

My technical toolkit includes Power BI, Power Automate, Power Apps, SharePoint Online, Copilot GenAI agents, and SQL, all of which are explicitly mentioned in the job description. I have also applied Lean Six Sigma principles to streamline processes, a skill that complements Kyndryl's focus on disciplined migration and governance.

I am eager to bring my proven automation, governance, and stakeholder management experience to Kyndryl's Shift Lead team and can start contributing immediately. Thank you for considering my application.

Warm regards,

KARTIK BHATT
