Target Role: Ms Excel jobs | **Company:** Naukri

Subject: Application for Ms Excel jobs - KARTIK BHATT

Dear Hiring Team,

I am writing to apply for the MS Excel Work■From■Home position advertised by Naukri, confident that my extensive experience automating Excel■centric workflows and delivering measurable time savings aligns perfectly with the role.

At KPMG I built VBA■macro solutions that refreshed a repository of over 30,000 assets, saving more than 485 hours each year, and migrated legacy Excel■based data collection for more than 45 pillars to an automated SharePoint■integrated system, contributing to a total efficiency gain of over 2,000 hours annually.

My core toolkit includes MS Excel, VBA, Power Automate, Power Apps, Power BI, SharePoint Online and Copilot GenAI, all of which are directly relevant to the data■handling and automation expectations of this position; additionally, I hold certifications such as Microsoft Certified: Azure AI Fundamentals and Lean Six Sigma Yellow Belt that reinforce my analytical and process■improvement capabilities.

I am eager to bring these proven automation skills to Naukri's remote Excel team and am available to start immediately; thank you for considering my application.

Warm regards,

KARTIK BHATT
